

## Enhance Independence & Comfort

Wellness simplifies routine tasks, with seamless automation across the home's critical systems. Easy to use rules and schedules allow you to automate lights, thermostats, locks and security – so your loved one doesn't have to remember to turn lights on or off, or lock the door every night.

Real-time notifications of what is happening in the home

## Independence and Peace of Mind

- ✓ Know if mom got out of bed this morning
- ✓ See if your dad left the house for his morning walk
- ✓ Receive a notification when grandma misses her medication
- ✓ Get an alert should a fire or carbon monoxide be detected
- ✓ Unlock doors remotely in case of an emergency
- ✓ Monitor temperature settings to ensure comfort

• Bed sensors make it easy to see if your mom got out of bed this morning

• Alert buttons can be placed in high-traffic areas of the home

# Alarm.com Wellness

More than an emergency button - Alarm.com Wellness is a complete 24/7 safety net. Our solution offers a secure and cost effective option for independent living with safety, security, and comfort.

## Activity Patterns

Understand your family member's activity pattern and get an alert if something is out of the ordinary.

## Awareness

Make sure your loved one is getting up and about.

## Alerts

Be alerted if your loved one is wandering or leaving the house at odd hours.

## Security & Automation

Simplify daily routines with automated temperature, light and security settings.

## Integrate Pendants

Wellness can also be paired with Personal Emergency Response (PERS) pendants.

## Stay Safe

Get additional peace of mind with 24/7 emergency response for intrusion, fire and medical emergencies and have persistent awareness of what's going on at home.
